

The actions taken by the Sinclair group, first to dishonor our fallen heroes by refusing to air the Nightline tribute to the Fallen American soldiers, and now by airing a propaganda piece obviously designed to turn the election in favor of a candidate who will let them write their own rules, are an outrage. The FCC standing by doing nothing would be even more of an outrage.

THE AIRWAVES DO NOT BELONG TO THE
CORPORATIONS, THEY BELONG TO THE CITIZENS!
If Sinclair chooses to be a propaganda organization
instead of a news organization, they should lose
their license!

The FCC needs to get serious about media
ownership rules and the license renewal process.
Quit being a rubber stamp!
Thank you.
